

Venza

2014

US-VZ13-1-C

The best of everything you want. The 2014 Toyota Venza offers a sophisticated profile and sleek design to make every arrival a powerful one, while a luxurious cabin and spacious interior provide plenty of comfort. Flexible seating and a rear liftgate make it easy to load that designer chair or gear for a training ride. Venza also offers a choice between 4-cylinder and available V6 engines, both of which offer robust passing power, and available All-Wheel Drive (AWD) to help enhance traction on most surfaces. All this works in concert to provide an elegant fusion of style and utility. Let's mix fashion and function. Let's go places.

Venza is ready to deliver on whatever you desire to do. With its stylish design, exceptional versatility and powerful performance, all you have to decide is what's next.

XLE 4-cylinder shown in Attitude Black Metallic with available accessory roof rack.

Even when parked, you'll make progress.

Part of what makes Venza so appealing is that, for almost any daily challenge, it offers an elegant solution. With its impressive array of high-tech features, Venza is all about helping you get things done while enjoying yourself along the way. From advanced multimedia systems to cutting-edge audio capabilities, this is one vehicle that can handle your to-do list as well as your playlist.

Entune® App Suite¹

If you have a compatible smartphone, Venza's available Entune® App Suite will keep you connected with subscription-free access to apps like Bing™, iHeartRadio, MovieTickets.com, OpenTable® and Pandora® Plus, access to the data services' real-time information on fuel prices, stocks, sports, traffic and weather is complimentary for three years. Once your compatible smartphone is connected to the vehicle using Bluetooth®² wireless technology or a USB cable, the features of the Entune® App Suite are operated using the vehicle's controls or, for some services, by voice recognition. See toyota.com/entune for more details.

JBL Synthesis® Surround Sound

The available JBL Synthesis® surround sound system features 13 speakers, a subwoofer and an amplifier — all acoustically optimized specifically for Venza's spacious interior — delivering brilliant clarity and great dynamic range. It is a system as refined as the vehicle itself.

iPod®/MP3 Player Holder With USB Port⁴ and Auxiliary Audio Jack

Dock your iPod® or MP3/WMA player in the special holder in the center console, then plug it in via the USB port, and an iPod® interface appears on Venza's audio system display. On-screen, you can sort tracks in a variety of ways, including by song, artist, genre and playlist.

Smart Key System⁵ With Push Button Start

On XLE and Limited, the Smart Key System with Push Button Start lets you lock or unlock your vehicle while the Smart Key fob is in your pocket or bag. There's also a touch-sensor feature that lets you lock the doors by touching the top of the door handle or unlock them by grabbing the handle.

Blind Spot Mirrors⁶

The upper outside corner on each of Venza's outside mirrors gives you a wide-angle view to help you detect vehicles that might be lurking in your blind spots.

1. See footnote 13 in Disclosures section. 2. See footnote 10 in Disclosures section. 3. iPod® accessory is not included. iPod® is a registered trademark of Apple Inc. All rights reserved. 4. See footnote 8 in Disclosures section. 5. See footnote 17 in Disclosures section. 6. See footnote 7 in Disclosures section.

US-VZ09-7-D

With its thoughtful design and attention to craftsmanship, Venza is a truly remarkable blend of comfort, style and versatility.

Limited interior shown in Ivory.

Designed for a full life.

No matter what your plans are for the day, Venza's versatile interior is ready. In fact, with the rear seatbacks folded down, it offers a full 70.2 cubic feet of cargo space.¹ And with the 60/40 split and fold-flat rear seats, you can transport any combination of people and payload. Plus, a convenient power liftgate and a low liftover height make access to the cargo area easy. You could say Venza is loaded with possibilities.

One-Touch Fold-Flat Seats

Venza's spacious 5-passenger cabin easily transforms into a versatile cargo carrier. Thanks to the handy one-touch fold-flat levers located in the cargo area, the rear seatbacks quickly fold flat.

Reclining Rear Seats

The attentive Venza gives rear-seat passengers first-class treatment. With the pull of a lever on either side, the 60/40 rear seatbacks recline.

Rear-Seat Vents

Venza's center console spoils rear-seat passengers with rear air vents. The vents are operated by the dual zone climate control system, which also features an air filter that traps dust and other airborne particles.

Power Liftgate With Jam Protection

Venza's available power liftgate can be operated in a variety of ways. It can be both opened and closed with buttons on the dashboard or on the remote keyless entry or available Smart Key² fobs. The liftgate can also be closed by pressing a button located on the liftgate itself.

Thoughtful Storage

Venza offers many places to store things. Under the sliding center armrest's padded top, you'll find a storage tray and a deep storage compartment. There's another large storage compartment, complete with a 12V auxiliary power outlet, under the sliding cup holder lid. That compartment and the pair of cup holders are illuminated by LEDs. Plus, each door features a map pocket and a 20-oz. bottle holder.

2013 model shown.

Venza's available power liftgate includes a jam protection feature that signals the liftgate to reverse its direction if the sensor detects an obstruction while the liftgate is opening or closing.

1. Cargo and load capacity limited by weight and distribution. 2. See footnote 17 in Disclosures section.

Make every getaway a clean one.

With its refined exterior lines and sculpted front end, Venza disposes of any preconceptions one might have about needing to sacrifice style for versatility. Offering ample seating for five and room for everyone's gear, it's as well-suited for a weekend road trip as it is for a night on the town.

There's just something about a place with a nice atmosphere.

From the customizable comfort of a dual zone automatic climate control system to the indulgence of available multi-stage heated front seats, Venza is designed not only to take you to your destination, but also to be a destination in its own right. And with the available panoramic roof¹, that destination becomes even more appealing.

Panoramic Roof

With an available power tilt/slide moonroof above the front seats and a panoramic glass roof above the rear seats, Venza creates a brilliant and open experience inside the cabin.

Backup Camera²

When you're backing up, Venza's backup camera displays the area behind the vehicle that's visible to the camera. The image will be displayed on the 6.1-in. Display Audio touch-screen, or on the 7-in. Premium HDD display on Limited.

Customized Climate

Venza's dual zone automatic climate control system with air filter lets front-seat occupants optimize their own cabin environment. Rear-seat passengers, too, can control their environment by adjusting the vent position.

Multi-Stage Heated Front Seats

XLE's and Limited's leather-trimmed multi-stage heated front seats allow each front occupant to dial in their own level of comfort.

US-VZ13-6-A

US-VZ13-7-A

MULTI-INFORMATION DISPLAY

The Multi-Information Display provides data such as climate settings, outside temperature, fuel economy and trip information, and other important details.

US-VZ09-18-F

US-VZ09-22-C

XLE interior shown in Light Gray with available Premium Package.

1. Standard on Limited. 2. See footnote 11 in Disclosures section.

Handling is best when all four wheels pitch in.

Whether you're engaged in straight-line acceleration, low-speed cornering, highway cruising or hard braking, Venza's available All-Wheel Drive (AWD) is engineered to distribute power between the front and rear wheels according to driving conditions, helping to enhance traction at all times.

Plentiful Performance

Venza was designed with performance in mind. Venza V6 with Front-Wheel Drive accelerates from 0-60 mph in just 6.7 seconds¹. Plus, its wide stance, available 20-in. alloy wheels and lower center of gravity give it precise handling. What's more, when equipped with the available Tow Prep Package, Venza V6 can tow up to 3500 lb².

All-Wheel Drive (AWD) With Active Torque Control

The available All-Wheel Drive with active torque control has a knack for direction. AWD actively monitors each wheel, distributing the engine's power to the appropriate wheel at the appropriate moment. This advanced technology helps to optimize traction on both wet and dry surfaces.

Enhanced Vehicle Stability Control (VSC)³

To compensate for a loss of traction while cornering and help prevent sideways slipping, Venza utilizes Enhanced VSC. The system adjusts engine power, braking and steering torque-assist control to help the vehicle follow the direction in which it is being steered.

HILL START ASSIST CONTROL⁴

When accelerating from a standstill on an incline, Hill Start Assist Control (HAC) helps prevent the vehicle from rolling backward. When activated, the feature holds the brakes for approximately three seconds as the driver switches from the brake pedal to the accelerator.

TRACTION CONTROL

By slightly applying the brake on a slipping drive wheel and reducing the throttle, Traction Control (TRAC) helps reduce wheelspin and maintain traction, according to road surface conditions. The system helps ensure vehicle control when starting or accelerating on slippery roads.

1. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 2. See footnote 2 in Disclosures section. 3. See footnote 19 in Disclosures section. 4. See footnote 25 in Disclosures section.

1 CRUMPLE ZONES

Front and rear energy-absorbing crumple zones and a collapsible steering column are designed to help dissipate impact forces in a collision, and help protect occupants.

2 SMART STOP TECHNOLOGY® (SST)¹

At speeds greater than five mph, when the accelerator is depressed first and the brakes are then applied firmly for longer than one-half second, SST is designed to help you bring the vehicle to a stop.

3 ADVANCED SEATBELTS

Venza's driver and front passenger seatbelts feature pretensioners with force limiters, along with adjustable shoulder anchors.

4 ACTIVE FRONT HEADRESTS²

Venza comes standard with active headrests on the front seats that adjust to better support the front occupants' heads during certain lower-speed rear-end collisions.

5 LATCH

Helping to protect the smaller members of your family, LATCH (Lower Anchors and Tethers for CHildren) includes anchors and tethers on each outboard rear seat.

ADVANCED AIRBAG SYSTEM³

Not all collisions call for the same level of protection. Venza comes standard with an advanced dual stage front airbag system for the driver and front passenger. In a collision, the system senses impact severity and adjusts airbag deployment accordingly.

Beauty from within.

As visually attractive as Venza is, it's even more appealing when you consider the many features you can't see. Our Star Safety System™ is designed to help you avoid trouble. In the event trouble proves unavoidable, Venza is equipped with an occupant protection system, developed through our rigorous crash testing, that features seven airbags.

Photo not intended to replicate actual inflated airbags.

Star Safety System™

Venza comes standard with the Star Safety System™, a suite of six active safety features designed to help keep drivers out of harm's way. Venza's system includes Enhanced Vehicle Stability Control (VSC)⁴; Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)⁵ and Smart Stop Technology® (SST).

Tire Pressure Monitor System (TPMS)⁶

Maintaining proper tire pressure is important. TPMS evaluates the pressure of the tires and issues a warning if the pressure becomes critically low.

Pet Travel Safety

Toyota offers a wide range of available pet accessories designed to help you transport your furry companions in comfort and security. Ask your local Toyota dealer for all the details.

AUTOMATIC HIGH BEAM⁷

Limited's Automatic High Beam feature enhances visibility when driving at night or in other low light conditions. The system detects oncoming vehicles as far away as 2000 feet and, depending on the circumstances, automatically switches the high beams on and off.

See footnote 20 in Disclosures section. 6. See footnote 24 in Disclosures section. 7. See footnote 6 in Disclosures section.

Style, your way.

With a wide range of available Genuine Toyota Accessories, you'll be able to truly personalize your Venza. And the best part is, those accessories are all crafted to the same exacting standards as Venza itself.

- Alloy wheel locks
- All-weather cargo mat
- All-weather floor mats¹
- Ball mount²
- Cargo net — envelope³
- Cargo net — spider³
- Cargo tote³
- Carpet cargo mat
- Carpet floor mats¹

TOYOTA FINANCIAL SERVICES

Toyota helps you get more out of every dollar you spend. By rewarding you for every purchase you make, the Toyota Rewards Visa[®] adds even more value to doing the things you love.

Turn everything you buy into points to redeem toward parts, accessories or an eligible vehicle purchase or lease at your Toyota dealer. Earn 5 points for every \$1 spent at participating Toyota dealers and 1 point for every \$1 spent everywhere else Visa is accepted.[†]

Visit www.toyotarewardsvisa.com for complete details.

Toyota Financial Services (TFS)[†] is a leading provider of automotive financial services, offering an extensive line of financing plans along with a variety of vehicle and payment protection products to Toyota customers and dealers in the U.S. For more information on TFS products and services, visit www.toyotafinancial.com

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

[†]On approved credit. You must have a valid permanent home address in the 50 United States or the District of Columbia. Terms, conditions and restrictions apply and are fully described in the Toyota Rewards Visa Cardmember Agreement and the Toyota Rewards Program Terms and Conditions received with your card. Points earned are based on net purchases. Points-earning maximums apply and points will expire as described in the Rewards Terms and Conditions. Redemption only available at participating Toyota dealerships in the continental U.S. and Alaska. Points cannot be redeemed for cash. Please contact your participating Toyota dealer for information regarding restrictions your dealer may impose on the use of credit cards related to vehicle purchases or leases. The creditor and issuer of the Toyota Rewards Visa is Toyota Financial Savings Bank. Toyota Financial Services is a service mark used by Toyota Financial Savings Bank.

[†]Toyota Financial Services is a service mark for Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

DISCLOSURES

1. Cargo and load capacity limited by weight and distribution. **2.** Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with new SAE J2807 method. **3.** V6 models only. **4.** 2013 EPA-estimated mileage. Actual mileage will vary. **5.** Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. **6.** Automatic high beam system operates at speeds above 21 mph. Situations such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn off. See *Owner's Manual* for details. **7.** Do not rely exclusively on the blind spot mirrors. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the mirrors. To learn more, see your *Owner's Manual*. **8.** May not be compatible with all mobile phones, MP3/WMA players and like models. **9.** iPod[®] is a registered trademark of Apple Inc. All rights reserved. **10.** The *Bluetooth*[®] word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. Other trademarks and trade names are those of their respective owners. The *Bluetooth*[®] wireless technology phones listed on toyota.com have been tested for compatibility with Toyota vehicles. Performance will vary based on phone software, coverage and wireless carrier. Phones are warranted by their manufacturer, not Toyota. **11.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **12.** Availability and accuracy of the information provided by the navigation system, HD services or any SiriusXM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic Entune[®] app updates do not include navigation updates. Navigation updates are available at an additional cost from your local Toyota dealer. See your *Navigation System Owner's Manual* or contact SiriusXM for details. **13.** Always drive safely, obey traffic laws and focus on the road while driving. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Apps identified by "TM" or "®" are trademarks or registered trademarks of their respective companies. For enrollment, cost and more details, see toyota.com/entune. **14.** SiriusXM services require a subscription after trial period, and are sold separately or as a package. **Subscriptions governed by SiriusXM Customer Agreement; see www.siriusxm.com.** **If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. **15.** HD Radio[™] Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio[™] and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **16.** iTunes[®] Tagging is a registered trademark of Apple Inc. All rights reserved. **17.** The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **18.** HomeLink[®] is a registered trademark of Johnson Controls, Inc. **19.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **20.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **21.** Smart Stop Technology[®] operates only in the event of certain simultaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology[®] is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. **22.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. **23.** Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. **24.** The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. **25.** HAC is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See your *Owner's Manual* for further details. **26.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or Smart Key fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or Smart Key fob, it can be costly to replace. If you lose a key or Smart Key fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org

Toyota Venza is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receivers/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of printing, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

FOCUS ON SUSTAINABILITY

Toyota encourages their partners to embrace environmentally responsible business practices. Toyota brochures use paper from well-managed forests, as certified by FSC[®] (Forest Stewardship Council[™]) chain-of-custody guidelines. The electricity used to manufacture this paper was generated by the paper mill's own Green-e[®] certified renewable energy sources. Wind-powered electricity was used to print some brochures through purchased REC (renewable energy credits), also Green-e[®] certified.

ToyotaCare

Scheduled vehicle maintenance is essential to both safety and dependability. For that reason, we've included a no cost maintenance plan with the purchase or lease of every new Toyota. For 2 years or 25,000 miles, whichever comes first, your new Toyota will be covered for all normal factory scheduled service, as well as for 24/7 roadside assistance.* It's standard peace of mind, and Toyota is one of the first full-line brands to offer anything like it. Why do we go to such lengths? Simply put, we want the loyalty of our customers to outlast even our vehicles. For all the details, please call, visit online or stop by your local Toyota dealer today.

*Covers normal factory scheduled service. Plan is 2 years or 25K miles, whichever comes first. The new vehicle cannot be part of a rental or commercial fleet, or a livery/taxi vehicle. See participating Toyota dealer for plan details. Valid only in the continental U.S. and Alaska. Roadside assistance does not include parts and fluids.
