

Sequoia

2015

Ever find yourself wishing you had more time to spend with your family? Maybe it's not about how much time you spend, but about how you spend that time. Meet the 2015 Toyota Sequoia, the SUV built on the proposition that you can't expand your kids' horizons with a wide-screen TV alone. Sequoia provides comfortable seating for up to eight,¹ along with ample cargo room for everyone's gear. Inside, its host of high-tech features will eliminate any possibility of homesickness. And to help make your adventures possible, it offers a powerful V8 engine and genuine all-terrain capability. In short, this vehicle does much more than merely simplify trips to the local big-box store. Sequoia gives you the ability to show your family the original meaning of "remote." Let's go places.

Nothing brings a family together quite like traveling. New experiences in new places make for lasting memories. And with so much capability, Sequoia is the ideal vehicle to help your family create those memories.

1. Standard on SR5 and Limited. Not available on Platinum.

Platinum 4x4 shown in Silver Sky Metallic.

120 cubic feet of family room:¹

Sequoia's big cabin offers much more than just space. There's comfortable seating for eight² with the standard third row, and a variety of seating configurations to handle any combination of passengers and payload. Or fold all the seats flat and reveal 120 cubic feet of cargo capacity – perfect for that drum kit, those home improvement materials or that eight-person tent.

VERSATILITY AND CIVILITY

There's more to Sequoia's interior than meets the eye. There's also a hidden storage compartment under the rear floor, a 12V auxiliary power outlet and grocery bag hooks. Third-row passengers will find cup holders, personal storage and, on Limited and Platinum, retractable sunshades.

Platinum 4x4 interior shown in Red Rock.

1. See footnote 7 in Disclosures section. 2. Standard on SR5 and Limited. Not available on Platinum.

1

Sequoia's reclining third-row seat is wide enough for three adults to ride in real comfort. Or utilize its 60/40 split-fold versatility to quickly accommodate both people and cargo.

2

As you might expect, the sliding second row is versatile too. Its 40/20/40 split-fold design lets second-row passengers slide their seat to match their own idea of leg room.

3

The second row also features one-touch access to the third row. When entering the passenger-side door, simply pull the lever on the outside of the second-row seat, which simultaneously folds and slides forward to make entry a breeze.

With spacious seating for eight,¹ Sequoia has room for the whole family and then some. And what could be better? After all, adventures are best shared.

SR5 4x4 interior shown in Graphite. 2013 model shown.

1. Standard on SR5 and Limited. Not available on Platinum.

If only your work schedule were this flexible.

No matter what you've got planned, Sequoia is happy to oblige. Both the sliding second-row and third-row seats fold flat, making it easy to load and unload all the gear your road trip requires. And the split-fold seat design lets you choose how to stow your cargo: upright or flat. Of course, with its spacious interior, reclining third-row seats and available second-row console, Sequoia is as accommodating to passengers as it is to cargo. So what are you waiting for?

Power¹ Reclining and Fold-Flat Third-Row Seat

When it comes to comfort, the available power reclining and fold-flat third-row seat will make settling in for the long haul as easy as pushing a button.

Front-Seat Console

The front-seat console on the Platinum edition offers climate controls and cup holders for those in the second row. There are also RCA jacks for the rear-seat Blu-ray Disc™ player and a handy 115V AC power outlet.

2013 model shown.

1. Standard on Limited and Platinum.

Open to adventure.

It's remarkable what you can put in Sequoia, but it's even more remarkable what you and your family will get out of it. Sequoia's available power liftgate makes it easy to access that cavernous cargo bay and all your gear. Just press a button on the key fob and the liftgate gently releases upward. Let the fun begin.

AUTOMATIC POWER LIFTGATE

Closing the available power liftgate is equally convenient. You can press a button inside the cargo area, on the dash, or use the key fob, and it will close automatically.

Sometimes you don't realize how much you might appreciate something until you have one yourself. Then you don't know what you ever did without it. Sequoia's convenient available power liftgate is one of those things.

Platinum 4x4 shown in Magnetic Gray Metallic.

Platinum 4x4 interior shown in Graphite. 2013 model shown.

Tell your neighbors you spent the weekend “roughing it.”

Judging by the pamphlets you brought back from Death Valley and the Badlands, your friends might think you had just subjected your family to an inhospitable ordeal. How wrong they’d be. In addition to the available heated/ventilated driver and front passenger seats offered in Sequoia Platinum, there’s also a standard¹ rear-seat Blu-ray Disc™ player. And when it’s time to depart, simply set the standard² Dynamic Laser Cruise Control (DLCC)³ and let your “adventure” unfold.

Rear-Seat Blu-Ray Disc™ Player

Sequoia’s second-row seat will have your kids hoping they’re not there yet. That’s because they can watch the latest movies or play video games on the available rear-seat Blu-ray Disc™ player with 9-in. display. Plus, all their movies and games will stow tidily away in Sequoia’s many storage compartments. And to keep front-seat occupants from feeling left out, Sequoia offers an excellent JBL Synthesis® audio system with 14 speakers.

Entune™⁴ Audio Plus

With a large 6.1-in. high-resolution touch-screen display, Entune™ Audio Plus on SR5 gives you the convenience of having your smartphone at your fingertips. Bluetooth®⁵ wireless technology allows you to stream music⁶ from your phone as well as access your phone book, with voice recognition⁷ and hands-free phone capability. Need more convenience? Entune™ Audio Plus also gives you an integrated backup camera,⁸ HD Radio™⁹ with traffic and weather and a USB 2.0 port¹⁰ with increased charging capability for your smart device.

Entune™ Premium Audio With Navigation¹¹ and App Suite¹²

Sequoia Limited takes high tech even higher with the new Entune™ Premium Audio system with Navigation and App Suite. With the Entune® App Suite, you have a collection of popular apps including Bing™, iHeartRadio, MovieTickets.com, OpenTable®, Pandora®,¹³ Yelp® and Facebook Places — all just a touch away. Need info on your stocks, weather, sports or fuel prices? No problem. Real-time info is included, even your local weather forecast to help plan your day. Sequoia Platinum takes it one step further with JBL® speakers and amplifier for crisp, dynamic sound that delivers a powerful punch.

Storage Compartments

In addition to its vast cargo area and a multitude of cup holders, Sequoia offers a variety of other storage options. The dual-level glove compartment has a large compartment below for, well — large things — and a smaller compartment above for documents and other flat items.

2013 model shown.

1. Available on Limited, standard on Platinum. 2. Standard on Platinum, not available on Limited or SR5. 3. See footnote 25 in Disclosures section. 4. Available on SR5 only. 5. See footnote 15 in Disclosures section. 6. See footnote 14 in Disclosures section. 7. See footnote 16 in Disclosures section. 8. See footnote 17 in Disclosures section. 9. See footnote 20 in Disclosures section. 10. See footnote 12 in Disclosures section. 11. See footnote 23 in Disclosures section. 12. See footnote 18 in Disclosures section. 13. See footnote 19 in Disclosures section.

COMPREHENSIVE AIRBAG SYSTEM⁶

Not all collisions call for maximum airbag deployment. Sequoia's sophisticated system is designed to provide appropriate protection based on the situation. In certain types of frontal collisions, the standard driver and front passenger Advanced Airbag System senses impact severity, adjusting airbag deployment accordingly.

You planned your trip. We planned your return.

With Sequoia, one thing you'll never leave behind is peace of mind. Sequoia's equipped with an array of active safety features to help you avoid trouble, and passive safety features to help protect you if trouble proves unavoidable. It also offers features such as available Dynamic Laser Cruise Control (DLCC)¹. While not technically a safety feature, DLCC automatically adjusts vehicle speed to help maintain a preset distance between you and the vehicle in front of you. We go to these lengths because, as with any excursion, there's no substitute for preparation.

Star Safety System™

Sequoia comes standard with the Star Safety System,[™] a suite of six advanced safety features designed to help keep drivers out of harm's way. The system includes Vehicle Stability Control (VSC)², Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)³ and Smart Stop Technology[®] (SST)⁴.

Tire Pressure Monitor System (TPMS)⁵

The Tire Pressure Monitor System (TPMS) evaluates the pressure of the tires. When pressure is critically low, the monitor issues a warning, allowing the driver to address concerns.

Advanced Control Technologies

An Anti-lock Brake System (ABS) helps prevent brakes from locking up, while the sophisticated Vehicle Stability Control (VSC) helps prevent front and rear wheelslip by monitoring your steering angle and comparing it to the direction in which your vehicle is traveling.

Pet Travel Safety

Toyota offers a wide range of available pet accessories designed to help you transport your furry companions in comfort and security. Ask your Toyota dealer for details.

1. See footnote 25 in Disclosures section. 2. See footnote 27 in Disclosures section. 3. See footnote 6 in Disclosures section. 4. See footnote 28 in Disclosures section. 5. See footnote 30 in Disclosures section. 6. See footnote 29 in Disclosures section.

1 ALL-ROW SIDE CURTAIN AIRBAGS*

Helping to protect all three of Sequoia's passenger rows from front to back are standard all-row side curtain airbags.

2 KNEE AIRBAGS

Sequoia's comprehensive Supplemental Restraint System (SRS) provides a total of eight airbags, including standard driver and front passenger knee airbags.

3 3-POINT SEATBELTS

All seats offer 3-point seatbelts. The front seats have pretensioners and force limiters, while second-row seats have an adjustable shoulder anchor and pretensioner on outboard seats

4 LATCH

(Lower Anchors and Tethers for CHildren) includes lower anchors on all second-row seats and tether anchors on all second-row seats and the center seat in the third row.

Photo not intended to replicate actual inflated airbags.

1. See footnote 29 in Disclosures section.

Built to turn family outings into family way-outings.

When you take your family into the sticks, you need a vehicle that's strong and reliable. Precisely what you get with Sequoia. It's forged on a fully boxed frame for strength and durability. It also boasts an available 381-hp 5.7L V8 with up to 7400 lb. of towing capacity!¹ Plus, a TOW/HAUL Mode that selects transmission shift points to optimize that power. So grab the gang and the gear. Where you're going, you won't need to fight for a space to put the picnic blanket.

Limited 4x4 shown in Black.

1. See footnote 8 in Disclosures section.

FRONT AND REAR SUSPENSION

Sequoia's independent double-wishbone front and rear suspension gives you the best of both worlds: responsive handling on pavement and a smoother ride off-road. This sophisticated suspension utilizes low-pressure gas-filled shock absorbers and hollow stabilizer bars. Also enhancing Platinum's on-road performance is Adaptive Variable Suspension (AVS) with three settings ranging from "comfort" to "sport."

POWERFUL V8 ENGINE

Sequoia comes standard with an all-aluminum 5.7L V8 that puts out 381 hp and 401 lb.-ft. of torque. Plus, this powerplant has received an Ultra Low Emission Vehicle II (ULEV-II) rating, because with power comes responsibility.

ELECTRONICALLY MODULATED AIR SUSPENSION

Maintaining ride height is important when the vehicle is carrying many passengers or a lot of cargo weight. That's why Sequoia's Platinum model features Electronically Modulated Air Suspension. It allows the driver to adjust ride height to compensate for changes in load. So Sequoia's ride is always the same: smooth.

BLIND SPOT MONITOR (BSM)¹

Even with adjusted side mirrors, adjacent vehicles may enter "blind spot" areas to the side and rear of the vehicle that are outside of view. Sequoia's Blind Spot Monitor system, standard on Platinum, uses radar to scan these blind spots for other vehicles.

TRAILER-SWAY CONTROL (TSC)²

When towing, winds or load undulation can cause trailer sway. TSC is designed to apply brake pressure at individual wheels and manage engine torque to help the driver maintain control of the trailer.

MULTI-MODE 4WD

This available system can turn mountains into molehills. Just turn the shift dial to engage the 4WD mode and let the Torsen^{®3} limited-slip center differential go to work. The differential locks up to get maximum traction on slippery or uneven surfaces.

An available 5.7L V8 E85 Flex Fuel⁴ engine makes Sequoia an alternative fuel vehicle.

AUTOMATIC LIMITED-SLIP DIFFERENTIAL (AUTO LSD)

Sequoia's advanced Automatic Limited-Slip Differential (Auto LSD) uses the brakes to help reduce wheelspin and enhance traction performance on unpredictable road surfaces like sand or mud.

TOYOTA FINANCIAL SERVICES

Toyota helps you get more out of every dollar you spend. By rewarding you for every purchase you make, the Toyota Rewards Visa® adds even more value to doing the things you love.

Turn everything you buy into points to redeem toward parts, accessories or an eligible vehicle purchase or lease at your Toyota dealer. Earn 5 points for every \$1 spent at participating Toyota dealers and 1 point for every \$1 spent everywhere else Visa is accepted.*

Visit www.toyotarewardsvisa.com for complete details.

Toyota Rewards Visa® Toyota Financial Services (TFS)[†] is a leading provider of automotive financial services, offering an extensive line of financing plans along with a variety of vehicle and payment protection products to Toyota customers and dealers in the U.S. For more information on TFS products and services, visit www.toyotafinancial.com

*On approved credit. You must have a valid permanent home address in the 50 United States or the District of Columbia. Terms, conditions and restrictions apply and are fully described in the Toyota Rewards Visa Cardmember Agreement and the Toyota Rewards Program Terms and Conditions received with your card. Points earned are based on net purchases. Points-earning maximums apply and points will expire as described in the Rewards Terms and Conditions. Redemption only available at participating Toyota dealerships in the continental U.S. and Alaska. Points cannot be redeemed for cash. Please contact your participating Toyota dealer for information regarding restrictions your dealer may impose on the use of credit cards related to vehicle purchases or leases. The creditor and issuer of the Toyota Rewards Visa is Toyota Financial Savings Bank. Toyota Financial Services is a service mark used by Toyota Financial Savings Bank.

[†]Toyota Financial Services is a service mark for Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

DISCLOSURES

1. SR5 models only. 2. Platinum models only. 3. Not available on Platinum models. 4. Flex Fuel Vehicles not available in every state. In states where available, all 5.7L V8 4x4 models are FFV. Flex Fuel Vehicles use E85, gasoline or a combination of both. Estimated mileage will vary. Consult your dealer for nearest E85 filling stations or see toyota.com for further details. 5. Torsen® is a registered trademark of Zexel Torsen, Inc. 6. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 7. Cargo and load capacity limited by weight and distribution. 8. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with new SAE J2807 method. 9. 2015 EPA-estimated mileage. Actual mileage will vary. 10. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 11. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road while driving. Services vary by phone/carrier. Functionality depends on many factors. Services subject to change. For enrollment and more details, see toyota.com/entune. 12. May not be compatible with all mobile phones, MP3/WMA players and like models. 13. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 14. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 15. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 16. Advanced voice recognition capabilities vary by head unit. 17. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 18. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 19. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 20. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 21. iTunes® Tagging is a registered trademark of Apple Inc. All rights reserved. 22. SiriusXM services require a subscription after 3-month trial period. **Subscriptions governed by SiriusXM Customer Agreement available at www.siriusxm.com. If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 23. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your dealer. See your *Navigation System Owner's Manual* for details. 24. Headphones are for passenger use only. Do not use while driving vehicle. 25. Dynamic Laser Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. 26. HomeLink® is a registered trademark of Johnson Controls, Inc. 27. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 28. Smart Stop Technology® operates only in the event of certain simultaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 29. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 30. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. 31. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are several limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions regarding use of the monitor, please see the *Owner's Manual*. 32. Trailer-Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether TSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 33. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help, or you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org.
