C-MAX ENERGI**

Go Further

Hybrid mpg *AND* impressive horsepower.

Ford C-MAX Hybrid and C-MAX Energi Plug-In Hybrid are a family of fuel-efficient multi-activity vehicles with maximized style and 188 system net horsepower – that's 54 more than Toyota Prius v offers and best-in-class¹ on C-MAX Hybrid. As *Car and Driver* says, C-MAX is "... dynamically proficient and rewarding to drive – and certainly more so than the cars with which it competes most directly."² Filled with innovative features and intuitive technology, the C-MAX Hybrids are designed to maximize your lifestyle while leaving a reduced carbon footprint. Go further in a 2014 C-MAX.

C-MAX Hybrid SEL. Sterling Gray Metallic. C-MAX Energi. Ice Storm Metallic. Available equipment.

H C-MAX Hybrid | EPA-ESTIMATED RATING OF **45 CITY MPG³**

Running on its combination of gas and electric power, C-MAX Hybrid gets better city fuel economy than Prius v. C-MAX Hybrid also has an EPA-estimated driving range of 522 miles.³

P C-MAX Energi Plug-In Hybrid | EPA-ESTIMATED RATING OF **108 CITY MPGe⁴**

C-MAX Energi is a progressive hybrid designed to let you plug in when you want to plus up to 108 city MPGe,⁴ an EPA-estimated driving range of 21 miles in all-electric mode, and a total driving range of 620 miles.⁵

¹C-MAX Hybrid class is Small Hybrid Vehicles. ²August 2012. ³EPA-estimated rating: 45 city/40 hwy/43 combined mpg, 13.5-gal. fuel tank. Range calculation based on www.fueleconomy.gov. Actual mileage will vary. ⁴EPA-estimated rating of 108 city/92 hwy/100 combined MPGe. Actual mileage will vary. MPGe is the EPA equivalent measure of gasoline fuel efficiency for electric mode operation. ⁵EPA-estimated rating of 44 city/41 hwy/43 combined mpg, 14-gal. fuel tank; 21 miles electric. Range calculation based on www.fueleconomy.gov. Actual mileage will vary.

Eco-conscious road hugger.

C-MAX has ultra-low emissions. It also has Active Grille Shutters to help reduce air resistance and increase fuel efficiency. These and many other smart features come standard. But there's also a major surprise. When you step on the accelerator, C-MAX delivers a truly engaging driving experience.

The advanced eCVT (electronically controlled continuously variable transmission) smoothly transfers 188 system net horsepower and 129 lb.-ft. of torque to the pavement. Powered by a state-of-the-art lithium-ion battery, C-MAX uses a powersplit hybrid architecture to switch seamlessly between an 88-kW electric traction motor and a 2.0L Atkinson-cycle I-4 gasoline engine. The system can operate in all-electric mode at speeds of up to 85 mph, with the engine kicking in only as needed to power the battery and to enhance performance.

As you accelerate through corners, Torque Vectoring Control enhances your hold on the road. According to the editors at *KBB.com*, "Ford C-MAX provides the best balance of fuel economy and driving fun in the segment."¹

C-MAX Energi. Ice Storm Metallic. Available equipment.

Plug in to plus up your drive.

When you want to get the most from your C-MAX Energi, you can simply plug it in. Use the 120-volt convenience charging cable in a standard grounded outlet to recharge overnight.¹ Or you can use a 240-volt home charging station¹ to recharge in just 2.5 hours. An LED-illuminated indicator on the external charge port makes it easy to see your charging progress. When fully charged, C-MAX Energi lets you enjoy an EPA-estimated rating of 108 city MPGe,² a gas-plus-electric driving range of 620 miles,² and an all-electric driving range of 21 miles.² The 240-volt home charging stations¹ by AeroVironment™ and Leviton® are recommended by Ford. These UL-listed, weather-resistant portable charging stations are easy to take with you if you relocate. A hard-wired station is also available. Please call 1-888-219-6747 or visit evsolutions.com/ford for more information. These charging stations are available with or without full installation services by AeroVironment.

Stay Connected with MyFord® Mobile. Our award-winning MyFord Mobile app³ and website (myfordmobile.com), featuring a charging station locator powered by PlugShare®, make it easy to monitor and schedule charging from just about anywhere. To maximize your range, set a departure time and cabin temperature while the vehicle is plugged in. Your preconditioned temperature is then attained by drawing power from the charging station, rather than the battery.⁴

¹Available feature. ²EPA-estimated ratings of 108 city/92 hwy/100 combined MPGe; 44 city/41 hwy/43 combined mpg; 21 miles electric. 14-gal. fuel tank. MPGe is the EPA equivalent measure of gasoline fuel efficiency for electric mode operation. Range calculation based on www.fueleconomy.gov. Actual mileage will vary. ³MyFord Mobile subscription complimentary for 5 years from the vehicle sale date as recorded by the dealer. Subscription fees apply after 5 years. MyFord Mobile requires a compatible 2G independent cellular network. Evolving technology and cellular networks may affect future availability and functionality. ⁴Effectiveness of cabin conditioning may be reduced by extreme outside temperatures or when using 120-volt charging.

Gauge your efficiency in full color.

Our next-generation SmartGauge® with EcoGuide displays vibrant green leaves growing on a virtual vine to provide you with real-time fuel efficiency feedback. The higher your mpg, the more lush your vine will be. This engaging system, standard on every C-MAX, also includes a brake coach screen to help you maximize your driving range (and grow more leaves) with regenerative braking. Intuitive controls and a built-in tutorial make it easy to use.

Voice-activated SYNC® with MyFord Touch®¹ centralizes control of your phone, entertainment, navigation² and climate with its 8" color LCD touch screen and 5-way controls on the steering wheel. Class-exclusive dual USB ports and Wi-Fi® capability³ are also included on SYNC with MyFord Touch. Once paired, you can download contacts and play music from your smartphone. It can also recognize your MP3 player, USB or iPod®. On C-MAX Hybrid SE, SYNC AppLink™⁴ lets you control Pandora®, iHeartAuto™, SiriusXM® and select other apps by voice too. When you opt for the voice-activated Navigation System,² you can follow its Eco Route turn-by-turn directions for maximum efficiency on every trip.

C-MAX Hybrid SEL. Charcoal Black interior. Available equipment.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²Available feature. ³Requires in-vehicle USB mobile broadband connection, PAN-supported mobile device or proximity to an outside wireless hotspot. ⁴SYNC AppLink is available on select models and compatible with select smartphone platforms. SYNC AppLink is not compatible with MyFord Touch. Commands may vary by phone and AppLink software.

C-MAX ENERGI**
ford.com

Enjoy spaciousness and peace of mind.

C-MAX accentuates its best-in-class¹ 99.7 cu. ft. of passenger space with appealing amenities like a 10-way power-adjustable driver's seat² (class-exclusive on C-MAX Energi) and smart standards like a driver's knee airbag. Versatile seating for 5 is trimmed in your choice of cloth³ or leather.² A cabin air filter helps prevent pollen from entering the vehicle through the dual-zone electronic automatic temperature control (class-exclusive on both) so you can breathe easy. And standard Curve Control, an enhancement to our AdvanceTrac[®] with class-exclusive RSC[®] (Roll Stability Control[™]), can help slow the vehicle by as much as 10 mph in approximately one second if it senses you're taking a curve too quickly.⁴ It's one more way C-MAX helps you maximize your drive.

C-MAX Hybrid SEL. Medium Light Stone leather trim.
Available equipment.

¹C-MAX Hybrid class is Small Hybrid Vehicles. C-MAX Energi class is Small Plug-in Hybrid Vehicles. ²Available feature. ³C-MAX Hybrid SE only. ⁴Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

Maximize your life with best-in-class versatility.

Our class-exclusive foot-activated hands-free liftgate¹ offers you cargo-loading ease the competition can't touch. Just move your foot under the rear bumper in a gentle kicking motion with your Intelligent Access key fob¹ tucked away in a pocket or purse. Then, stand back as C-MAX opens or closes the liftgate for you. The standard 60/40 split rear seat folds down, providing a flat load floor on C-MAX Hybrid. And cargo space is abundant – up to 52.6 cu. ft. inside C-MAX Hybrid and 42.8 cu. ft. inside C-MAX Energi. In-floor compartments behind the front seats discreetly hold small items like your iPad® or the standard 120-volt charging cable.² C-MAX is the multi-activity vehicle designed for your active life.

C-MAX Hybrid SEL. Ingot Silver Metallic. Available equipment.

¹Available feature. ²C-MAX Energi only.

**14C-MAX HYBRID
C-MAX ENERGI**
ford.com

Enhance your day with driver-assist technologies.

From weather forecasts to parallel parking, C-MAX offers smart features designed to help you out. Whenever you shift into Reverse, the rear view camera¹ can display a full-color image of what's behind the vehicle on your 8" SYNC[®] with MyFord Touch[®] screen.¹ A 6-month trial subscription to SiriusXM[®] Satellite Radio,¹ SiriusXM Traffic² and SiriusXM Travel Link² gives you the ability to check local and national weather, look up fuel prices, and get detailed information on traffic speed, accidents, construction and road closings. Class-exclusive MyKey[®] can help block calls and deter text messages, and encourage other smart habits while young drivers are behind the wheel. And when equipped with active park assist¹ C-MAX can actually steer itself into parallel spots. You just follow system prompts to shift gears and control the brake and accelerator pedals. So simple. And so smart.

C-MAX Specifications

Standard Features

Mechanical

- Active Grille Shutters
- Electric power-assisted steering
- Electronically controlled continuously variable transmission (eCVT)
- Front-wheel drive (FWD)
- Independent front and rear suspension with stabilizer bars
- Intelligent Oil-Life Monitor®
- Regenerative Braking System with 4-wheel disc Anti-Lock Brake System (ABS)
- Tire mobility kit
- Torque Vectoring Control

Seating

- 5-passenger seating
- Front bucket seats with 4-way adjustable head restraints
- Rear 60/40 split forward-folding bench seat with adjustable head restraints for all 3 seating positions

Interior

- 12-volt powerpoints (2)
- 110-volt power outlet
- Acoustic-laminate windshield
- Active noise cancellation
- Adjustable driver and front-passenger sun visors with illuminated vanity mirrors
- Cabin air filter
- Cargo area tie-down hooks
- Center console with armrest, storage and 2 cupholders
- Compass

- Cruise control
- Dual-zone electronic automatic temperature control
- Front and rear carpeted floor mats
- Front and rear dome lights with theater dimming
- Front-door storage bins
- Front seat back map pockets
- Illuminated glove compartment
- Instrument panel and door trim in simulated metal finish
- Leather-wrapped shifter
- Leather-wrapped steering wheel with cruise, audio and 5-way MyFord® controls
- Next-generation SmartGauge® with EcoGuide
- Outside temperature display
- Overhead storage console
- Power door locks with illuminated switches
- Power windows with one-touch-up/-down for all windows and illuminated switches
- Rear grab handles with integrated coat hooks
- Rear in-floor storage compartments
- Rear-seat heat ducts
- Remote liftgate release
- Tilt/telescoping steering column
- Trip computer

Exterior

- 17" machined aluminum wheels with P225/50R17 tires
- Black rocker panel moldings
- Body-color door handles
- Body-color front and rear bumpers
- Easy Fuel® capless fuel filler

- Halogen headlamps
- Rear spoiler
- Rear-window defroster with timer
- Windshield wipers – Front: variable-intermittent (speed-sensitive) with washer; rear: fixed 2-speed with washer

Safety & Security

- Personal Safety System™ for driver and front passenger includes dual-stage front airbags,⁴ safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver's seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
- 3-point safety belts for all seating positions
- AdvanceTrac® with RSC® (Roll Stability Control™), all-speed traction control and Curve Control
- Battery saver with headlamps-off delay
- Child-safety rear door locks
- Driver's knee airbag⁴
- Front-seat side airbags⁴
- Integrated keyhead transmitter remotes (2)
- LATCH – Lower Anchors and Tether Anchors for Children MyKey®
- Safety Canopy® System with side-curtain airbags⁴ and rollover sensor
- SecuriLock® Passive Anti-Theft System
- SOS Post-Crash Alert System™⁵ unlocks doors, flashes hazard lights and sounds horn after airbag deployment or safety belt pretensioner activation in certain collisions
- Tire Pressure Monitoring System
